Opportunities Catalog

2002-2003

*Bringing hope and healing in Christ's name
to the people of North Korea*

Basic Doctor's Kits

North Korean doctors lack the most basic diagnostic tools. Your gift will equip one doctor with a stethoscope, blood pressure cuff, thermometers, an otoscope and other basic tools in a bag marked with CFK's logo.

Adult Doctor's kit—\$75

Patient Bedding

A huge patient need in every hospital and rest home we visit is for new bedding. Many suffer from the cold on thin mattresses stuffed with straw. Your gift will send a new foam waterproof mattress, 4 sheets, a pillow and 2 pillow cases to outfit one patient's bed. Each article is marked with CFK's logo – including the cross of Christ.

1 set of patient bedding—\$80

1 set of patient bedding + a warm heavy blanket—\$100

Soybeans

Good nutrition is vital to improving the health of patients suffering from tuberculosis and other diseases, yet chronic food shortages continue despite local and international efforts. Soybeans are a valuable source of protein and other nutrients and are purchased in China by the train car load and sent by rail to North Korea. One metric ton of soybeans gives *six months of daily nutritional rehabilitation to 37 patients.*

Feed 1 patient for 6 months—\$9; Feed 37 patients for 6 months—\$320

1 Train Car Load of Soybeans (60 Metric Tons) - \$19,200

Kaesong Provincial Pediatric Hospital

This hospital was built by missionaries to Korea in the early 1900's and has served the medical needs of Kaesong for nearly 100 years. It is now a pediatric hospital, serving 140,000 children ages 1 week to 18 years. In desperate need of everything from food and medicine to equipment, your gift to help this facility will be multiplied many times over and will impact the lives of many families in Christ's name.

Laboratory Equipment Replacement—\$12,000

Operating Room Equipment Replacement—\$18,000

Pediatric Doctor's kit—\$100 (as described above - also includes a pediatric stethoscope and BP cuff)

*Let your light shine before men, that they may see your good deeds and praise your Father in heaven.
Matthew 5:16*

General Medicines

Mixed container loads of medicine, food, and other supplies can be purchased at a fraction of their full value through humanitarian assistance organizations that have received the goods as in-kind donations from various corporations. Valued at between \$100,000 - \$400,000 depending on exact contents, these containers typically cost \$25,000 each to purchase the goods and ship them to North Korea.

20' Container of mixed medicines, food and supplies—\$25,000

Technical Projects

CFK is regularly asked to assist with technical projects in North Korea. Recent projects have included installing generators at 3 hospitals, installing an x-ray unit, drilling a well, and installing a new hospital water distribution system. Your support of these projects help effect long-term change in North Korea.

Help sponsor a technical project—\$100.00

Agricultural Projects

CFK frequently receives special requests for tree seedlings, plant seeds, and other agricultural-related goods that we respond to as we have funds to do so. Last year we were asked for a special kind of corn seed that has a short growing season, and can be cultivated in mountainous areas. We sent a small amount to North Korea for testing purposes and it gave excellent yields. We have been asked to send much larger quantities this year. Your gift would give farmers high yielding seed best suited to their climate and growing conditions.

100 Pounds of Specialty Corn Seed—\$1500

Distribution Vehicle

Due to poor road conditions and shortages of many kinds, it can be difficult to make deliveries of goods to remote locations. We have been asked to send a vehicle to aid in the delivery of CFK's donations. Your gift towards this need will facilitate timely receipt of goods shipped and witness to the cross of Christ as it travels through the country.

Delivery vehicle—\$35,000

Special Requests

On nearly every visit we are asked to help places or projects outside our normal scope of work. If we can make a difference and have the resources, we try to respond. Your special gift will help us have the resources on hand to respond to opportunities as they arise.

Special gift—Any size
