## Opportunities Catalog

2003-2004

*Bringing hope and healing in Christ's name  
to the people of North Korea*

### General Medicines

Mixed container loads of medicine, food, and other supplies can be purchased at a fraction of their full value through humanitarian assistance organizations that have received the goods as in-kind donations from various corporations. Valued at between \$100,000 - \$400,000 depending on exact contents, these containers typically cost \$25,000 each to purchase the goods and ship them to North Korea.

**General medicines and nutritional supplements— \$1 will send \$15 in supplies**  
**20' Container of mixed medicines, food and supplies—\$25,000**

### Patient Bedding and Blankets

Bedding continues to be a very great need at the hospitals and rest homes we serve. Those that have not yet received a new mattress suffer from the cold on thin mattresses stuffed with straw. Your gift will send a new foam moisture-proof mattress, 4 sheets, a pillow and 2 pillow cases to outfit one patient's bed. Each article is marked with CFK's logo to remind patients of Christ's love for them.

**1 set of patient bedding—\$80**

**1 set of patient bedding + a warm, heavy blanket—\$100**

### Basic Doctor's Kits

North Korean doctors lack the most basic diagnostic tools. Your gift will equip one doctor with a stethoscope, blood pressure cuff, thermometers, an otoscope and other basic tools in a bag marked with CFK's logo. Hundreds of these kits are still needed.

**1 Doctor's kit—\$75**

### Technical Projects

CFK is regularly asked to assist with technical projects in North Korea. Recent projects have included installing a new hospital water distribution system, installing generators at 3 hospitals, and installing an x-ray unit. Your support of these projects help effect long-term change in North Korea.

**Help sponsor a technical project—\$100 - \$25,000**

*Let your light shine before men, that they may see your good deeds and praise your Father in heaven.*  
*Matthew 5:16*

## Kaesong Provincial Pediatric Hospital

This hospital was built by missionaries to Korea in the early 1900's and has served the needs of Kaesong for nearly 100 years. It is now a pediatric hospital, serving 140,000 children under the age of 18. In desperate need of everything from food and medicine to equipment, your gift to help this facility will be multiplied many times over and will impact the lives of many children and families in Christ's name.

**Medical Equipment Replacement—\$12,000 - \$20,000**

**General medicines and nutritional supplements — \$1 will send \$15 in supplies**

**Doctor's kit (pediatric)—\$100 (as described above - also includes pediatric stethoscope and BP cuff)**

## Soybeans

Good nutrition is vital to improving the health of patients suffering from tuberculosis and other diseases, yet many facilities do not have enough food to feed their patients despite local and international efforts. Soybeans are a valuable source of protein and other nutrients. One metric ton of soybeans gives *six months of daily nutritional rehabilitation to 37 patients*. We have received partial funding towards a purchase of soybeans and are hoping to raise additional funds so we can send a shipment. (Minimum purchase is 4 train car loads)

**Feed 1 patient for 6 months—\$9; Feed 37 patients for 6 months—\$320**

**1 Train Car Load of Soybeans (60 Metric Tons) - \$19,200**

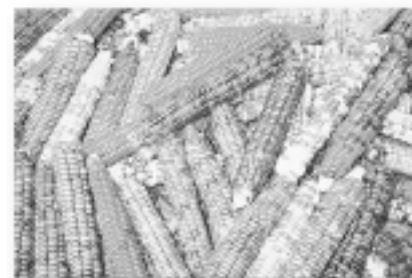

## Agricultural Projects

CFK frequently receives special requests for tree seedlings, plant seeds, and other agricultural-related goods that we respond to as we have funds to do so. Last year we were asked to help with Painted Mountain Corn Seed. Assisting with projects like these helps provide farmers with more productive seeds suitable to their difficult growing conditions.

**100 Pounds of Specialty Corn Seed—\$1,500**

**Other Agricultural projects - Amount varies**

## Distribution Vehicle

Due to poor road conditions and shortages of many kinds, it is often difficult to get sick patients as well as supplies to the hospitals and treatment centers. We have been asked to send vehicles to double as patient transport units and help with the delivery of CFK's donations. Your gift towards this need will facilitate potentially life-saving treatment of patients and timely receipt of goods shipped, all the while witnessing to the cross of Christ as it travels to and from the facilities.

**Delivery vehicle—\$20,000**

## Special Requests

On nearly every visit we are asked to help places or projects outside our usual scope of work. If we can make a difference and have the resources, we try to respond. Your special gift will help us have the resources on hand to respond to opportunities as they arise.

**Special gift—Amount varies**
